mail. info@ga-a.it

Arch. Gianluca Andreoletti (Rome 15.06.1965 works and lives in Rome) The office, since from 1997, has won several international competitions, working also with private clients and government offices.

Since its founding **GAA GIANLUCA ANDREOLETTI ARCHITECTS** has carried out its activities in the field of international awards for its excellence and innovation.

The architect **Andreoletti Gianluca**, after founding different firms , (**APsT** Architettura Andreoletti, Pintore, Tonucci Associati) and **AVAA** Andreoletti & Valentino Architetti Associati) He has founded **GAA GIANLUCA ANDREOLETTI ARCHITECTS** to combine his creative skills and techniques to better develop , as well as the working dimension, the European character of the architectural works designed . The business areas ranging from public works to private ones , worn down from space to the urban scale , addressing the issues with the same care and sensitivity. Professionally designed for every level of project activity , as well as the control and direction of the works in the executive phase , the Ga-a is known for an architecture oriented towards a continuous search for innovative solutions with a strong evocative character and its unique identity and poetic . www.ga-a.it

His staff is composed of senior architect and many young architects as collaborators from different countries.

Actively collaborate with **EBNER AND FRIENDS** www.ebnerandfriends.com and, before, European partners as Atelier Ebner + Ullmann (Vienna, Monaco, Moscow, Mexico city, Dubai, Rome) the arch. Francis Soler (Paris) and stably supported technical consultants which *3TI Progetti SpA* the engineer Maximilian Faina (ITECI) for the technological systems and sustainability , prof. ing. Fabio Brancaleoni (*EDIN Srl*) and Eng . Renato Vita (Vita & Pagnoni) for the structures, Systra Italia Spa for RailwayTrain and trasport, exploring new contextual relations and also through the new symbolic artistic contamination with artists such as Nunzio (Rome) , Martin Schmidt (Monaco) Nunzio (Rome).

Gianluca Andreoletti was born on 15/06/1965 in Rome where he lives and works. After his PhD in Theories of architectural design with a thesis on the zero degree of architecture has taught contract Architectural and Urban Design at the University of Rome "La Sapienza" L. Quaroni. Held various lectures and conferences at the University of Architecture of Genoa, Venice, Trieste, Roma3.
